FACTUAL BASIS FOR CONSENT ORDER

1. Respondent received his Physical Therapist license, number 06567, on or about July 22, 2004.

2. On December 18, 2025, the Board received a confidential complaint alleging violations by Mr. Madere of the Louisiana Physical Therapy Practice Act ("Practice Act") and Board Rules and Regulations ("Rules"), including that Respondent smelled of alcohol, appeared intoxicated, and acted intoxicated and unprofessional during the complainant's visit at Ace Physical Therapy ("Complaint No. 2025-I-048"). It was also alleged that Respondent was heard cursing and using racially derogatory language.

3. On December 18, 2025, the Board received a second confidential complaint alleging violation by Mr. Madere of the Practice Act and Rules. It was alleged that Respondent was shown in a video using a racial slur toward an individual and engaging in intimidating conduct, including blocking the individual with a vehicle ("Complaint No. 2025-I-049").

4. On December 19, 2025, the Board received a third confidential complaint alleging violation by Mr. Madere of the Practice Act and Rules. It was alleged that Respondent was shown in a video using a racial slur several times toward an individual, and using racially derogatory and intimidating language toward the individual ("Complaint No. 2025-I-050").

5. The Board thereafter received numerous additional confidential complaints against Mr. Madere, all arising out of the same December 2025 video-recorded incident that was made the subject of Complaint No. 2025-I-049 and Complaint No. 2025-I-050 ("Complaint Nos. 2025-I-051 through 2025-I-098, 2026-I-001 through 2026-I-005, 2026-I-007, and 2026-I-008").

6. Pursuant to LAC 46:LIV §123, an investigative committee of the Board was formed to review and address the complaints against the Respondent. For efficiency, the complaints were consolidated into one Board investigation.

7. On January 15, 2026, a notice letter was issued to Respondent, detailing the allegations made in the complaints and providing the potential laws and rules of the Board that may

have been violated by such conduct, if the allegations were found to be true. Respondent was directed therein to provide a written statement to the Board giving his view of the situation, explaining fully the circumstances involved pertaining to the subject of the matter. Additionally, the notice letter set an Informal Conference (*Bertucci* hearing) for February 3, 2026.

8. By letter dated January 23, 2026, and received by the Board on January 27, 2026, Respondent provided a personal statement in which he asserted that all of the complaints stemmed from a single incident that occurred in his private neighborhood involving a non-resident, and for which no arrest was made. Respondent stated that a video of the incident went viral and resulted in death threats toward him and his family, as well as the complaints filed with the Board. Respondent acknowledged that he was under the influence of alcohol at the time of the incident and admitted to having a substance abuse problem. Respondent reported that he entered detoxification the morning following the incident and subsequently enrolled in a 45-day professional treatment program. Respondent advised that he had been fully compliant with the treatment program and that he was still in the process of completing it. Respondent denied treating any patient while under the influence or making racial comments during a patient visit.

9. Respondent submitted to the Investigative Committee his treatment records, discharge summary, and continuing care plan records from the professional treatment program. The records provide detailed information regarding Respondent's inpatient treatment at the facility and the treatment team's diagnoses, conclusions, and recommendations.

10. On January 29, 2026, a second notice letter was issued to Respondent, detailing the allegations made in the complaints and providing the potential laws and rules of the Board that may have been violated by such conduct, if the allegations were found to be true. Additionally, the notice letter reset the previously noticed Informal Conference (*Bertucci* hearing) for February 18, 2026.

11. On February 6, 2026, the treatment facility provided a letter to the Board, advising of Respondent's successful completion of the professional treatment program, following his detoxification and admission to the program on December 24, 2025 (the "Letter"). The Letter advised of Respondent's final diagnoses and recommended plan of care, all as more fully set forth in the Letter.

12. The treatment team concluded that Respondent was capable of returning to the practice of physical therapy with skill and safety. The treatment team's recommendations are stated in the Letter and include: (1) entering into a monitoring contract with the Louisiana Physical Therapy Board for a minimum of two years and (2) attending weekly aftercare for two years.

13. An informal conference was held on February 18, 2026, between the Investigative Committee and Respondent. During the conference, Respondent admitted that he was under the influence at the time of the December 2025 video-recorded incident and reiterated that he has never treated patients under the influence, nor ever made derogatory

comments toward his patients. He also stated that he treats a diverse population and has never had any issues related to, nor any patient complaints alleging discrimination toward patients. He believes that the complaints received at the Board were directly related to the incident and have nothing to do with his behavior towards patients at the clinic.

14. The Board thereafter continued to receive additional confidential complaints against Respondent, all arising out of the same December 2025 video-recorded incident that was made the subject of Complaint No. 2025-I-049 and Complaint No. 2025-I-050. This includes Complaint Nos. 2026-I-010, 2026-I-011, 2026-I-013, 2026-I-015, 2026-I-016, 2026-I-017, 2026-I-018, 2026-I-019, 2026-I-020, 2026-I-022, 2026-I-024, and 2026-I-029. These complaints were consolidated into the pending Board investigation.

15. On or about May 20, 2026, the Board learned that Respondent had been arrested for allegedly disturbing the peace, simple obstruction of a highway of commerce, and reckless operation. Deputies arrested Mr. Madere after receiving reports of a verbal altercation which took place on May 15, 2026, involving multiple individuals and Mr. Madere threatening and blocking another driver.

16. On May 22, 2026, the Board issued an order, summarily suspending Respondent's license to practice physical therapy pending approval of the order by the Louisiana Department of Justice, Occupational Licensing Review Program ("OLRP"), and setting an administrative hearing on the matter for June 17, 2026.

17. On June 2, 2026, Respondent submitted to an inpatient evaluation at Palmetto Addiction Recovery Center ("Palmetto").

18. By letter dated June 11, 2026, Palmetto advised the Board office that Respondent had completed an inpatient psychological and substance abuse evaluation at Palmetto (the "Palmetto Letter"). The Palmetto Letter provides detailed information regarding Respondent's evaluation at Palmetto, his diagnoses, and Palmetto's recommendations, all as more fully set forth in the Palmetto Letter.

19. The Palmetto treatment team's recommendations upon completion of the evaluation are stated in the Palmetto Letter as follows:

- Sign and follow a five-year Louisiana Physical Therapy Board monitoring contract. Any violations of contract or positive drug or alcohol screens should result in further inpatient evaluation.
- Engage in and complete a Louisiana Physical Therapy Board approved inpatient program for substance use disorders. The duration of this treatment should depend upon his progress in treatment.
- [Mr. Madere] is not ready to practice his profession with skill and safety until he has completed treatment, has a continuing care plan in place, has signed an LPTB agreement and has met with his treating addictionist following treatment to determine his fitness to return to duty.
- He should contact [the Board Executive Director] as soon as possible after this

evaluation to receive your instructions.

20. On June 12, 2026, Respondent, through counsel, requested that the June 17, 2026, hearing on summary suspension be continued.

21. On June 15, 2026, the OLRP approved the Board's order of summary suspension.

22. On June 16, 2026, Respondent submitted to an inpatient substance use disorder treatment program at Victory Addiction Recovery Center ("Victory").

23. On June 17, 2026, the Board granted Respondent's request for a continuance of the June 17, 2026 hearing. The Board further ordered that the hearing be rescheduled by agreement of the parties and that the order of summary suspension remain in effect until the rescheduled hearing date.

24. On August 10, 2026, Respondent successfully completed the inpatient substance use disorder treatment program at Victory and commenced an intensive outpatient program ("IOP") at The Recovery Center.

25. By letter dated September 23, 2026, Victory advised the Board office that Respondent had completed both the inpatient treatment program at Victory and the IOP at The Recovery Center (the "Victory Letter"). The Victory Letter advised that Respondent was assessed to be fit to return to practice physical therapy with reasonable skill and safety, and that Respondent should continue to follow any recommendations from the IOP, all recommendations from the Board, and all requirements of his monitoring contract.

26. The IOP treatment team's recommendations are stated in The Recovery Center's Discharge Summary as follows:
