CONSENT ORDER

Two complaints received by the Louisiana State Board of Physical Therapy Examiners (Board) in February, 2006 raised several issues regarding the professional conduct of Respondent James Bernard Harris, a physical therapist licensed by the Board, in the course of his providing physical therapy treatment to two female patients while employed at Tri-State Physical Therapy in Bossier City. Correspondence and internal employer documentation regarding complaints of inappropriate physical contact during the course of physical therapy treatment were provided by Respondent’s employer. Interviews with the two patients involved and others were conducted by the investigating Board member. Respondent has consistently asserted that he provided appropriate treatment and patient care. Respondent has participated in Informal Conferences on March 10, April 14 and June 2, 2006 with Board Member Todd Drury, Executive Director Cheryl Gaudin and Board Counsel Glenn Ducote participating. Respondent was represented by attorney Taylor Townsend. Respondent also voluntarily participated in a psychological evaluation by Rafael F. Salcedo, Ph.D. At the conclusion of the informal conferences and after consultation with counsel, the terms of this Consent Order were agreed to by Board representatives and Respondent.

FINDINGS OF FACT

1. In providing treatment to female patient Respondent exhibited poor judgment by not ascertaining that other staff personnel were present on premises while treatment was performed.
2. Respondent exhibited poor judgment and ineffective communication in providing physical therapy modalities to sensitive body areas of female patients.

CONCLUSIONS OF LAW

Respondent’s conduct described above and otherwise reviewed in this action is subject to and/or in violation of the following provisions of law regarding his practice of physical therapy:
1. The Board has the authority to suspend or revoke a license which it has issued or place probationary conditions upon such license upon proof that the licensee has been negligent or incompetent in the practice of physical therapy. La. R. S. 37:2413 and Board Rule 325.
2. As used in the Physical Therapy Practice Act, “unprofessional conduct” includes: departure from, or failure to conform to the standards of acceptable and prevailing physical therapy practice in the State of Louisiana, regardless of whether actual injury to a patient results therefrom. Rule 327E(1) and (6).
2. As used in the Physical Therapy Practice Act, "unprofessional conduct" includes: departure from, or failure to conform to the standards of acceptable and prevailing physical therapy practice in the State of Louisiana, regardless of whether actual injury to a patient results therefrom. Rule 327E(1) and (6).

4. By failing to ascertain that other staff personnel were present on premises while he treated a female patient and by ineffective communication with patients regarding treatment modalities affecting sensitive body areas, Respondent demonstrated "unprofessional conduct" in violation of La. R. S. 37:2413A(7), Board Rule 327E(1), and breached the following APTA Guides for Professional Conduct: 1.1B, 2.1A and D and 2.4D.

He has been represented by counsel throughout these proceedings and has reviewed this instrument with his counsel.

E. Respondent acknowledges that his failure to comply with any term of this Consent Order is a basis for further disciplinary action by the Board and that the presentation to and consideration of this Consent Agreement by the Board, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board, or any of its members, from further participation in hearings or other resolution of these proceedings; and

F. Respondent acknowledges that this Consent Order becomes effective only upon signature by the Board Chair.
